

Summer Program At Acacia Wood School

Core Program: English and Math

- **For current K to 9th graders only (1st to 10th in Fall 2009).**
- Learn note-taking skills for lectures and reading
- Read faster with better comprehension
- Learn memory techniques to recall with ease
- Study grammar and learn to write more effectively
- Review and/or preview math

Added Benefit: Character Development

- Get motivated to study harder! Get a handle on time management!
- Learn the secrets of many successful people.

Added Benefit: Antipas Program

- Antipas is an academic program to help children stand against the tide of this world.
- Exposes harmful worldly philosophies and cultures in light of biblical truths.
- Shows how science and archaeology support the Bible.
- Explains world and church history from the view of God's purpose.
- Helps children make proper choices in human life.

All day program also available – Engage in art, crafts, games, and sports.
